

II. REMARKS

Examiner has expressed that adding the limitation for the function of the throat would clearly overcome the prior art of the current rejection. Applicant has amended the independent claims by adding the phrase "to direct the sound of the loudspeaker" as the function of the throat.

Examiner was correct in that claims 11 and 12 were previously deleted and should not have appeared in the last Office Action. Claims 11 and 12 in this Office Action are recognized as previously cancelled. For the reasons set forth above, Applicant believes that the application is in condition for allowance.

Respectfully submitted,

11/20/03
